Assessor Comments	On offer are a superb line of 95 Angus Steers that are 11-12 months of age and average 393kg at assessment. Steers off feed for 5 hours before assessment. Steers were purchased out of the Ballarat, VIC Annual Weaner Sale in late Feb, 2025. Landfall Angus, Franc's Angus & Murdeduke Angus bloodlines and are right in the slot for weight and gain, presented in a forward store condition, steers exhibit good bone and have plenty of body to go on with, perfect to feed on and grow into tremendous export cattle. Steers have been on minimal feed since purchase, have been gaining over 1kg a day, vendor blown away with the weight gain and growth in a short time. To fit in with most yard requirements the steers were treated with their Bovillis MH + IBR shot. - Bottle number - 596493, Batch number, 2434516, EXP - 02/2026 Great opportunity to purchase Angus Steers of the highest quality to put straight on feed or background and trade on again, well-presented cattle with a lot of options.
