Assessor Comments	A good quality line of August/September 2024 drop Angus Heifers that present even as a group. This group of heifers would usually be held to feeder/export weights or be retained to be joined. Unfortunately, due to the seasonal conditions the sale of these heifers has been bought forward. These heifers are out of medium to large frame cows by a Killain Angus

sire and will go forward to meet feeder/export markets or equally be suited to be joined and put into a breeding program of your choice. Please Note these heifers had a ** 12 hour curfew**.
