Assessor Comments	On offer is a very Good line of young Weaned Steers that have all the hard work done from Weaning to all the Animal health including Bovilis. A regretful sale for the vendor as these steers are only weeks away from a return but the seasonal conditions have forced the sale. Calves present in fresh forward store condition and carry plenty of compensatory weight gain. Show these steers the right nutrition and they will not disappoint. Purchased in steers in this lot were bought off noted local producers and are just as well bred as the VB calves. Recommended by the assessor
