These steers have been handled regularly and moved well through the yards during the assessment process. The odd steer wanted to push forward in the race. Temperament is a focus within the Merryville cow herd with stirry animals

Assessor Comments	On offer is an exceptional line of 108 weaned Hereford steers. These steers are the top draft of the vendors calves with a tail removed at assessment. These steers are 8 - 9 months old, pure Merryville Blood and stand on plenty of frame. Steers have been well handled and are quiet to work with. Steers are being sold earlier than usual due to the deteriorating season they are historically sold to repeat buyers and grown out to bullocks. A great opportunity to secure a b-double load of well bred Hereford steers ready to jump ahead given the opportunity.
