Assessor Comments	A very high-quality line of July/ August '24 drop steers that weighed 360kg full (286-426kg) at assessment. These steers are normally sold at feeder weights in the spring but are being offloaded early due to the tightening season. They are setup perfectly having never had a setback and are demonstrating excellent weight for age. They will go on to achieve feeder weights quickly or grow into magnificent grassfed bullocks under the right conditions. They are Grassfed & Antibiotic free being part of the Greenhams Never Ever program.
