Vendor Comments

Season dictates early sale of entire steer drop usually grown out to heavy feeder weights. Cattle have a history of performing well as feeders with repeat feedlot.

Assessor Comments	Quality line of vendor bred Angus Steers. The vendor has been using Lawson & Annaleine Angus genetics in their commercial herd for the past 17 years, with a focus on Growth, Temperament & Fertility. The Killarney cattle have a history of performing exceptionally well on feed and are highly sort after by repeat feedlot buyers. Provided with the right opportunity these steers will excel for the successful purchaser. Steers would normally be retained by vendor and grown into heavy feeder weights. This is the complete drop of 2024 Killarney steers. Excellent opportunity to put 109 vendor bred Angus steers back together with another lot of 62 steers being offering in today's sale. Cattle come highly recommend by agent!
