Assessor Comments	Excellent line of quality bred Angus heifers. Normally vendors would sell this drop of calves in the Gundagai June weaner sale but due to tight season they are on the market now. These heifers are bred from one of the best Angus herds in the Tumut region. Past purchases of these heifers have only been happy with them. If you want quality Angus heifers here they are. Potential buyers these heifers will not disappoint and come at assessor's highest recommendations. Great opportunity to secure some top Angus genetics. For any more information please call myself. Please see Vendors line of 40 Angus steers in the same sale.
