Notable Traits	Traits 25 Head Pinkeye Scarring
Assessor Comments	Offering the lead draft of 95 Angus Steers 8-9 months off "Glenfalloch" on account the Murdoch family. Noted district performing cattle bred out of volume Angus females with decades of breeding on Dunoon bloodlines with bulls selected out of the top end of the catalogue. Usually taken through to the Spring and marketed as heavy feeders/kill steers, these steers are being offered earlier due to the tighter than normal season in the district and represents excellent opportunity for the finisher/feedlotter as they display length, bone and shape and present in fresh store condition. Buyers note that pinkeye scarring noted on assessment would generally be deemed as minimal scarring. PCAS Grassfed Declaration available at purchasers request. Vendor also offering 79 heifers in this sale.
