Assessor Comments	A great line of Angus cross heifers off "SnowVale", presenting in fresh forward condition with good bone and shape. These heifers present exceptionally well and would suit either taking on as future breeders, as they come out of a herd focusing on calving ease, good growth rates, and good temperament. These heifers are set to perform. All animal health treatments are up to date. Buyers please note, there is one heifer at 246kg at assessment that the vendor is happy to leave out at buyers request. **Grass-fed eligible *** Vendor has another lot of heifers in the sale*
