Notable Traits	Traits 2 Head eye scarring							
Assessor Comments	An excellent quality mob of young Angus steers. No expense has been spared in breeding these steers with the majority being sired by industry leading AI sires, such as Clunie Range Queenslander, bull pedigrees have been attached as a link. A regretful sale as these steers have been weaned earlier than normal and offered for sale due to the tough season that has been experienced in SW VIC this year. Normally these steers are grown out to feeder weights and are highly sought after by feedlots and bullock finishers. These steers come with the highest recommendation, every animal health protocol is done and they are very quiet steers that are a pleasure to handle. Please note vendor has one other lots in todays sale totalling 90 head.
