Assessor Comments	A wonderful opportunity to purchase the lead draft of The Point steers that would suit a grass or grain fed program and would continue to show excellent weight gain. Bowdens Point run a closed herd and select top quality genetics and have been using Pathfinder sires for the past 5 years. A small percentage of these steers have ring worm. A fair percentage have white on their navel. These steers have had an average daily weight gain of 1.9kg over the past 21 days. Buyers are advised to allow for 1.5 to 2.1 kg.
