To vendor's best knowledge, this lot has had no access to bulls or stags.

Temperament

YardsCrushPaddock

Quiet: 60 headSlightly Stirry: 7 headQuiet: 60 headSlightly Stirry: 7 headTemperament not assessed in Paddock

The Ashmore cattle are very good to handle. Drafting and assessing was no issue. Odd heifer can display some run but generally they are well behaved.

Handled With

Bikes , On foot , Vehicles

Notable Traits

Traits

3 Head Pinkeye patch to assess at delivery

Assessor Comments Offering a magnificent draft of high quality Poll Hereford heifers. Ashmore bred and blood, there is absolutely no expense spared in their breeding with a strong Merawah Poll Hereford influence. The Ashmore cattle are bred to perform with core production around grass finishing high grading bullocks at under two years through strong selection of growth and carcass traits to achieve this. They are heavy boned, beautifully marked, well grown and present in principally forward store to forward condition. Ready to join. This rare opportunity has come about due to seasonal conditions. These heifers were selected as future breeders in herd and are the lead of this drop with none retained. Several heifers did have very slight old pinkeye scarring that was barely noticeable. Please note, three heifers did have pinkeye patch at assessment and will be assessed at delivery. They will mature into predominantly larger framed, productive matrons. Can't come more highly recommended.
