The Ashmore cattle are very good to handle. Drafting and assessing was no issue. Odd heifer can display some run but generally they are well behaved.

Handled WithBikes , On foot , Vehicles

Assessor Comments	Offering a top quality draft of Black Baldy heifers. Sired by sons of Murdeduke Quarterback & Millah Murrah Paratrooper bred from Ashmore Poll Hereford cows.. The Ashmore cattle are bred to perform with core production around grass finishing high grading bullocks at under two years through strong selection of growth and carcase traits to acheive this. They are heavy boned, nicely marked, well grown and present in principally forward store to forward condition. Ready to join. This is a rare opportunity that has come about due to seasonal conditions. These heifers were selected as future breeders in herd and are the lead of this drop with none retained. One heifer did have very slight old pinkeye scarring that was barely noticeable. They will mature into predominantly larger framed matrons. Can't come more highly recommended (vendor offers a further 67 Poll Hereford heifers this sale).
