| Assessor Comments             | A line of quality young females that are very well bred and true to type, moderate frame with depth and bone with adequate maturity for age. These heifers represent the draft of the lightest heifers from the vendors drop of heifers and were weighed at assessment from 238-298kg to average 277kg's. Reluctantly these young females are offered due to the continued dry seasonal conditions as the vendor would traditionally hold all heifers dropped and mature for classing pre-joining. # Heifers were drafted on weight not classed for quality - 960 heifers tagged for the 2024 drop. Note : The line of 100 Heifers included - 3 Heifers with white eyes ( previously treated - old scar ) , 1 Heifer with a white patch around the naval, 1 Heifer with a large white belly and 21 Heifers with white udders or white in the flank ( breed acceptable ). |                           |                                           |      |                 |
