All handled through the yards very easily, being brought up by a single handler, standing sensibly in the crush and exiting at a walk. Led out to the holding paddocks quietly and happily grazed whilst walking through taking photos. Seasoned travellers, being carted between properties and to/from agistment blocks, & never stirring up after getting on/off the truck. Lovely line of females, bred for temperament, as well as extensive handling makes these heifers a real pleasure to deal with.

Assessor Comments	Outstanding line of future breeders! Beautiful females with excellent length, a deep barrel & a real 'easy doing softness' about them. These young healthy females are heavy skinned, extremely maternal & just pure class. Very pretty faced, well balanced & carrying all the desired attributes you look for when selecting your future breeders - these girls tick every box! In healthy store condition respective of the challenging start to the year we've seen. These magnificent young heifers ooze quality & would improve most commercial herds & please the most discerning buyer. These outstanding females come with both agents highest recommendation. Note. To be sold in 3 lots (66 Total) giving the highest bidder the opportunity to put together a large line of A grade young females.
