Assessor Comments	515 Pure Dorper Lambs. March/April 2025 drop. Ave 29 kg. Dell blood. Full shedding lambs that are well grown for age , well bred and in forward store condition. Lambs present very evenly as large tail removed. Vendor would normally keep lambs through to trade weights but due to season has decided to sell while lambs present well giving purchaser every opportunity. Lambs have only had 1 vaccination so need a booster. Realistic reserve for station lambs that do perform. Please ring with any questions.
