Assessor Comments	A very good line of 480 Aug/ Sep 2024 Drop Bundilla Blood merino wether lambs. Offered in 2 x groups of 480 head, these lambs are the second draft of the 2024 drop. Healthy lambs currently grazing rye grass and supplemented with 2.5kg/hd/ week of Barley. The lambs are in healthy store condition; they will offer buyers the opportunity to finish as lambs or grow into heavy hoggets. The lambs are bred out of large framed ewes. This group are lambs presenting in lighter weight and condition than the lead, a 10% was removed from this group at assessment. Bred to perform, the Faithful & Co sheep run under a high stocking environment. Generally, these lambs are processed at trade and export weights with excellent yields. A portion of lambs are carrying dag from crop. Faithful and Co will offer 1500 x lead wether lambs and another 960 x wether lambs.
