Assessor Comments	1020 Richmond Park September drop feeder lambs. Very well bred with majority in very tight weight range. Will grow on to excellent trade or heavy export lambs, given the opportunity. Up to date with all health treatments. 100% of lambs run over the scales with a bottom weight of 35kg. All the hard work is done. These lambs would normally be finished on farm to trade and heavy export weights. Richmond Park has been running prime lamb operations for 50+ years. Vendor only selling due to tough seasonal conditions in the Western District. Well bred, with good frame, they just need feed.
