Assessor Comments	470 Vendor bred, Merino Ewes, Aug/Sept '23 drop, April shn, scanned in lamb at 140% to Ashbank Stud Poll Dorset and White Suffolk rams. These ewes display bone, thickness and doability whilst retaining a feminine outlook. Extra heavy boned, plain bodied ewes that present very well. The sires are from the well renowned Ashbank stud @ Dubbo, who sell only top quality terminal sires to the leading fat lamb breeders in the district. The stud has followed lambplan breeding objectives for many years and have delivered a sound product to their customers for decades. Twin bearing ewes are marked with a blue dot. Vast majority have Eid tags and can be scanned prior to loading. Flexolt to be used as precaution only, due to main shearing being currently conducted, plunge dipper has not started on the property as yet. Highly recommended by Assessor.
