Assessor Comments	Excellent quality young ewes in store condition. Ewes had lambs weaned 3 weeks ago and then were shorn so have been handled a lot and have had a bit of a hard time the way the season has been. However, these ewes have plenty of breeding being purchased from the renowned Turner Family Haddon Rig flock dispersal. Only being sold due to the season and to reduce numbers. Very odd long toe not detrimental to performance. Vendor advises that a recent worm test showed a clean result.
