Unique opportunity to buy classed breeders and even more so as multiples with vendor choosing to retain his singles after a very good joining. No multiples retained in this age group. Ewes are in strong store to slightly forward store condition and carry a clean bill of health. Ewes have just received a full crutch the day of assessment and please note ewes were curfewed overnight before assessment. Ewes expected to commence lambing at the end of August to Bundilla PII merino rams. Please call for further information.
