Pregnancy Terms	No Pregnancy Terms apply.
Other Joining Details	Ewes were scanned empty at shearing in early April then scanned 90+ days in lamb on 3/7. Please see assessor comments for further information
Assessor Comments	120 Mixed age Merino Ewes SIL to Merino Rams. Ewes were assessed on Thursday after being in the yards off of feed and water for a long period of time for scanning. White Suffolk rams were introduced to the mob at the end of shearing. These ewes have been SIL 90+ days putting them in the later end of the merino joining but please note could be a chance to a White Suffolk ram at the back end of their conception. All efforts have been made to get it as close as possible. The Mt Eba ewes are well known as excellent breeders and will produce plenty of good merino lambs and cut a bright white stylish fleece. They vary in age from 2-8 years age breakups are: 2023 - 6, 2022 - 24, 2021 -10 2020 - 67, 2019-2017 - 11. Vendor will deliver to Dublin Livestock exchange, Dublin SA at their expense.
