These steers are naturally a very good natured mob of weaners given the fact they were still on their mothers. They worked through the yards quite well and were put through the pound and race draft several times - despite this they were good to handle and responded well to handling.

Handled With Bikes , Horses , On foot

	Traits
1 Head	Flybite
1 Head	minor Scrotal rupture

Assessor Comments A 4 deck line of good Calendar year branded beef master steers and their crosses; these cattle have had a good season with their mothers doing an exceptional job on them. These steers should have good weight for age (note they are Calander year branded) and will grow into good bullocks or feeder weight steers - buyers should refer to photos and video footage to breed content. The steers have been identified with a yellow button and put back in a fresh paddock with their mothers until delivery. Buyers note that some of these steers may have been self-weaned evident by fat cover. The 38 #4 Steers range from 248 - 421kg @ assessment to average 356.8kg; These steers will be drafted off separate at delivery to load 1 deck (32/deck) The 114 #5 Steers 191 range from 191 - 388kg @ assessment to average 250.3kg; These will be drafted and added to the lighter 6 left over of the #4 steers and loaded at 40/deck to give a neat 4 decks. Buyers note 2 deck run of heifers also available in this sale
