Assessor Comments	A quality pen of vendor bred weaner steers showing good weight for age & depth. Sired from Quality Bulls the majority of these steers are showing softness, thickness & frame. They are good doing cattle as they have only just been weaned onto good hay and are still moving forward. An good opportunity presents to purchase this small pen of quality weaned steers to take on for trade feeder markets or grow out for export markets. There is 2 pens of brothers in the same sale. ** There is some with a small piece out of ear from over zealous working dog, not detrimental ** There is a couple with warts but not detrimental ** There is a steer with a light spotting/blemish in eye but not detrimental**
