Assessor Comments	A neat line of quiet Hereford steers sire by Wirruna & Injemira Hereford bulls & out of Wirruna blood cows. Steers are currently grazing oats and present in forward store condition and are ready to be taken on with to continue growing out to Heavy feeders or onto kill weights. Previous purchasers always comment on the performance of the Langdown park steers as well as their temperament. Steers were a pleasure to handle through the yards and flowed over the scales with ease. PLEASE NOTE: One steer was lame at assessment and treated with Alamycin LA300 and if still lame at delivery he will be pull out and not delivered. Vendor also has another lot of steers in the same sale.
