Assessor Comments	An excellent line of 70 x August/ September 2024 Drop Angus Steers. An opportunity to secure a line of weaned Hazeldean/ Pine Creek Blood Steers. Bred in the renowned Masterton Herd, the steers are by industry leading Hazeldean Sires out of a very good Pine Creek cow base. The steers are in good health and have had their booster vaccination 5 in 1 B12, drench and Rhinogard for buyer convenience and steer performance. Sought after by repeat buyers the steers will offer purchasers the chance to secure leading genetics that will offer weight gain straight away. A large portion of the steers were weaned in April and have been on crop since, the balance were weaned in mid June. Highly recommended steers from a well-regarded local herd. Buyers please note: Masterton Pastoral will offer another three groups of weaners in today's sale.
