Assessor Comments	Quality line of F1 Wagyu steers. They carry quality Trent Bridge Wagyu genetics and are bred from large frame Bongongo females. This line represents the vendors complete drop with the heifer portion also on offer. They stand in fresh store condition and carry a clean bill of health. Cattle with plenty of compensatory weight gain to be if shown a higher level of nutrition. Vendors F1 cattle generally sold into JBS feedlot program but seasonal conditions have forced their sale. Vendor also offering a small line of Autumn drop F1 cattle in the same sale. Please call for further information.
