Assessor Comments	Tops of the drop May/June '24 EU accredited Angus & Black Baldy steers all weighed 300kg+ to average 329kg (300-382kg). Very well-bred steers that carry Reiland & Glanavon bloodlines and have received excellent feedback from feedlots and processors. Not normally sold at these weights and only being offered due to the tought season. They present in genuine store condition and have the age and frame to go straight onto feed or take out to heavier feeder/ kill weights. Bovilis MH + IBR treated on 25/5 (batch 2433806, expiry 01/26). There's plenty of compensatory growth to take advantage of with these steers - just the way you want to buy them! Very quiet temperament - please review the videos which demonstrate this. Please note; buyers have the option on the 9 Baldy steers.
