Assessor Comments	Tops of the drop 2-deck line of very well bred Angus steers all weighed 285kg+ to average 323kg after a half curfew. They are vendor bred out of Hazledean and Te Mania blood cow herd with foundation females purchased from renowned Team Te Mania herds "Boona" & "Coomete" and Braddock herd (Hazledean blood) at Braidwood. They were an absolute pleasure to handle throughout the assessment process all assessed as quiet/ docile. Please note; a 20% tail end has been removed from the line. These are steers that have plenty of breeding behind them and will suit taking through to heavy feeder or heavy grassfed markets being Greenham Never Ever Accredited.
