Assessor Comments	Terrific run of spring drop heifers being sold due to tight seasonal conditions. Normally no heifers sold as weaners. Soft true to type females. Bred impeccably, these cattle will take your eye at first glance. Cattle have been managed meticulously, as a result have outstanding temperament and are well educated to work with. Ideal heifers to background/fatten with the advantage of retaining to breed from if so desired. "Dukalskis farming" livestock carry reputation of great breeding and high performing livestock. Heifers are grass fed only, antibiotic free. These heifers carry my highest recommendations and will continue to perform to the highest level in the right environment. Two head of cattle have either pink eye scarring or ring worm.
