Assessor Comments	On offer is a very good line of weaner steers, these steers were bred in the ticky country of charters towers before being trucked to 'Wellshot' Ilfracombe in April this year. These steers will be ideal for the future heavy feedlot or slaughter markets. 19 of the steers have a number 4 age brand on them due to an error by workers at the time of weaning, these 19 steers should have a number 5 brand on them, all 19 steers with a 4 on them were mouthed and are milk tooth. A few steers have marks from old ring worm and rub marks. Delivery is on farm 'Amor Downs' yards.
