Notable Traits	Traits 4 Head patch of white around scrotum/ under belly 7 Head ringworm mark 3 Head slight blight scarring not detrimental
Assessor Comments	Buyers, This is a well bred line of top quality weaned Angus steers that have good weight for age. These steers possess plenty of desirable carcass attributes standing on good bone and showing an abundance of length and depth. The steers are very soft smooth easy doing types with depth and great breed characteristics. Steers are bred out of medium to large frame Angus cows and sired by top Booroomooka & Raff stud Angus sires. The cattle worked freely in the yards and were very good to handle. Cattle are Grass only eligible & Antibiotic free. Please note that the vendor is offering a deck lot of the heavier Angus steers and a very nice line of the Angus females in the same auctions plus sale.
