Handled With	Heifers were very quiet to handle in and around the yards and would suit some one who could only handle quiet cattle. Bikes , Dogs , Vehicles		
Notable Traits	Traits 1 Head Light pink eye scaring in both eyes, retaining vision in both.		
Assessor Comments	A good Quality line of majorityly weaner heifers, Angus and Angus cross heifers, heifers are bred from a very good quality Angus and Angus composite herd. Heifers are bred out big framed females and are sired by Quality Angus sires including a son of Sav America & a AI son of Rennylea Kodak K522. Heifers are soft famine types with plenty of stretch and balance. Heifers are well weaned and present in very good forward condition on the back of being on an oat crop. Temperament is a stand out attribute of these heifers, very quiet and easy to handle. Heifers are perfect backgrounders to continue on crop that would get to feeder weights quickly. Please see a line of Steers from the same vendor in this same sale.
