Assessor Comments	Well bred AI steers from the reputable Yarallah Dairy operation, presenting in forward store condition with solid frame. These cattle have been pasture-raised and supplemented with a grain ration for the past three months. Recently drenched and vaccinated, they're ready to perform. Traditionally taken through to over 600 kg, they are now being sold earlier due to limited feed availability and the need to make room for incoming heifers. A great opportunity for backgrounders or finishers — all the hard work has been done.
