Assessor Comments	On offer is a very neat line of very well bred angus steers sired by Bannaby angus bloodlines. These steers have powered forward since being purchased early on in the year and have continued to do so due to having access to an oats crop right up until time of assessment. These steers will make a great feeder steers or grow into a fantastic bullocks to take into the spring. An outstanding opportunity to secure a nice line of angus steers to start the inauguration of or to add to your herd.
