Assessor Comments	Top quality line of F1 Wagyu heifers. They show good frame and growth for age. They carry quality Trent Bridge Wagyu genetics and are bred from large frame Bongongo females. Vendors wagyu program annually supplies the JBS wagyu program with their spring drop calves and this small line of autumn drop cattle carry the same genetic performance. Cattle are even and show good temperament. Cattle are proven performers with previous purchasers. Small line of f1 steers offered also. Vendor also offering complete drop of spring calves also. Please call for further information.
