Assessor Comments	50 magnificent Angus Steers that show all the attributes that you want in cattle, these steers are very well bred by Wannon Pastoral's very own bulls (Wannon Angus) focusing heavily on High 400 day weight, EMA and IMF they also have a great docility being very quite and a pleaser to work with, they are only 10- 11 months of age and 100% weighed 380-400kg full @ assessment to average 388kg. They have been on a grain and straw diet since 10/2 to make sure they didn't get set back with the tough seasonal conditions. Buy these steers knowing they will perform in the right conditions and have plenty of age on their side. Buyers please note that the same vendor has 2 lines of steers in the same sale just split by weight.
