| Good to Handle in and out of the yards for experienced handlers. Rangeland Bred cattle that have been educated as Weaners. They have been pound & race drafted. They flow very well and will need steadying through gateways. They can be quick through the draft & are reactive to pressure in the race but are easy to handle with good stockmanship. |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |                            |                          |                                     |
