Assessor Comments	Buyers here is an opportunity to buy 144 (4 Decks) of very good Droughtmaster and Droughtmaster x heifers that are PCAS eligible. Heifers present in good strong store condition and will go ahead very quickly on good fresh feed with buyers expected to see plenty of compensatory gain. Heifers were preg tested on the 07/07/2025 by Longreach vets NDP/Empty and have had no access to a bull since then and are identified with a bang tail. Heifers are ideal to put away on fresh feed and take on to the lucrative feeder market or are ready to join to the bull of choice. At assessment 2 x heifers noticed with rub marks on neck and head but not seen as detrimental.
