Assessor Comments	Attention all cattle breeders today we have on offer 13 very well bred Angus Cross Heifers. This is a genuine line of Heifers that will make fantastic future breeders. The Heifers averaged 317kg on delivery and have great frame and style. While on mum the Heifers have had access to a creep feeder in which has really given the Heifers the best start in life and I'm sure has helped them grow to what they are now. You will note one smaller Heifers this is only due to its age. Please also note Heifers are currently being weaned. Vendor does have another lot in the same sale.
