Assessor Comments

Buyers 24 crossbred steers, out of big framed crossbred cows(Brahman, Droughtmaster ,Brangus type and their crosses) Steers are extremely quite and easily handled. please note have observed 2 steers with slight brindle colouring, 3 with some white on belly , 2 with some white on neck and belly, and 2 steers with ring worm . They have been managed by 1 hot wire on vendors cell grazing rotation. They show good frame and bone for age, and should grow out and will not disappoint if given the opportunity.
