Representing the tops of the drop, they are well grown and are all frame carrying minimal condition. 300-394kg at assessment they present quite evenly, stand on good bone and in fresh store condition. Steers are generally taken through to feedlot weights but current season is not in their favour. Offered for genuine sale to make way for breeding females. Vendor also offering another line of 30 steers 250-300kg in the same sale. Please call for further information.
