Assessor Comments	90 EU Angus Heifers. March 2024 drop and last drenched and vaccinated on 29/04/25. Weighed 216-318kg to average 270kg at assessment. The Boolringar cattle are renowned for their hardiness and doing ability and will perform when given the opportunity. The vendor has a total of 270 heifers in the sale, sold as 3 BD loads as runs out the gate of 90. This is a great opportunity to put together a big line of EU Angus heifers. Please note there are approx 2-4 with pink eye scarring which is not detrimental to the animal.
