Assessor Comments: The heifers assessed have a large influence of Simmental and Charolais, these heifers will grow into very good feeder heifers with potential of growing into future breeders. The heifers averaged 280kg at assessment after being trucked to the Winton sale yards from Old Cork Station where they spent 3 days in the yards off their mothers. Please note the same vendor has 55 of their brothers in the same sale to make a neat 3 deck load.
