Assessor Comments

Offering 126 Vet PTE Feeder Heifers. These heifers were 397 kg live at assessment with a weight range of 344kg to 502kg after a large 24hr curfew. These heifers were purchased in as trade heifers and have done very well and are continuing to go forward. The majority of the heifers are branded No.4 and a sample of the heaviest heifers were mouthed all showing milk teeth. These heifers are the perfect feeder article that have all been vet PTE with a certificate available and weighed into a tight weight range ready to go on feed. Please note there are another 75 feeder heifers available from the same vendor in today's sale that may assist with freight.
