	Cattle were very good to handle through the yards and crush. Cattle have had a full weaning over 2 weeks with plenty of paddock work while in hand. Cattle were a pleasure to work through the yards.		
Handled With	Aerial (Helicopters, gyro's and planes) , Bikes , Dogs , Horses , On foot , Vehicles		
Assessor Comments	1 Deck of excellent EU steers. This mob of steers are the colours out of the previous 2 mobs in this sale. Out of top quality Angus bulls and from a very good cow herd. These cattle are usually kept through to feedlot and kill weights. These steers being fully weaned and handled are ready to move on good grass or crop. Noted performers with plenty of thickness, length and bone. Don't come to market often at this weight, don't miss your chance. ** Note 2 more lots by this vendor in this sale. Bigger and Littler Angus brothers. I steer with a fresh brand in this mob. See videos to satisfy colour and type.
