Assessor Comments	Buyers, this is a nice well bred line of young Ultrablack weaned heifers averaging 280kg. These heifers have good length and depth showing very feminine attributes. Heifers have good volume and muscle expression but still remain very soft, smooth easy doing types. These heifers are very well bred being by Carbene Grazing Ultrablack cows by well above ave Palgrove Ultrablack stud sires. Heifers worked very quietly through yards. This is a great opportunity to buy genuine Ultrablack heifers with breeding.
