Assessor Comments Buyers, an opportunity to secure a quality line of store condition young steers that are ready to power ahead. Steers are 8 to 10 months old, and are by top Angus Stud bulls, Graneta and KO, out of well-bred commercial angus cows. Vendor bred

	and early weaned in March, steers have been running on frost affected pasture - Gatton panic, Rhodes, Digitaria. Steers would normally be held to grow to feeder steers, but increased breeder numbers mean they are being sold early. Please note one steer had some slight blight scarring but not deemed and issue. Buyers, a great line of vendor bred store condition steers that are ready to power ahead on grass, crop or grain and are well worth your consideration.
