Temperament	Yards	Crush	Paddock
	Quiet: 84 head Slightly Stirry: 1 head	Quiet: 82 head Slightly Stirry: 3 head	Temperament not assessed in Paddock

Handled With	Heifers handled well throughout the assessment process. Heifers flowed throughout the back yards, force yards & weigh station without issue. 3 heifers became agitated in weigh station. Heifers settled in our presence whilst on foot in holding yards & were comfortable to be manoeuvred on foot for media purposes. Bikes , Dogs , Vehicles
Assessor Comments	85 - EU Accredited - Very Good Quality Vendor Bred Angus heifers presenting in healthy forward store to fresh condition. Heifers are NSM - being bred from a reputable, New England self replacing Angus cow herd based on Pine Creek Bloodlines. Heifers have been weaned for 10 weeks. Heifers were subjected to a overnight (12 hour) curfew prior to assessment. All heifers weighed out at assessment from 280kg + ranging from 281kg to 378kg, to average 311kg. 3 heifer were noted to have white underbellies. The temperament of the heifers is a feature, heifers handled sensibly & without issue in both force yards & back yards, testament to their management practices. Heifer are eligible for Grass Fed markets. Sale represents an Annual production sale of heifer weaners, presenting an opportunity to secure a genuine line of Angus breeding females to take on, join & retain as future breeders, considered suitable replacements in the most discerning commercial Angus operations.
