Assessor Comments	An excellent opportunity to purchase 29 x NSM 2024 Drop Heifers. Pure Strathallan blood, the heifers show great weight for age, softness and style. Aberfeldy are offering this group of heifers to the market as future breeders; they are equally suitable to feed on for the trade. Purchased in mid May as a lead draft of unweaned heifers they have performed very well, putting on 30.75kg after a weaning program. The heifers are very even as a group, they exhibit great depth of body and are excellent in the coat. Bred by the Lavis family of Braidwood, they come from a reputable local herd. Note: Aberfeldy are offering another group of 20 x NSM Angus heifers in today's sale of equal quality and weight.
